Keratin Treatment in Hyderabad – Cost, Process & Is It Worth It?

Target Keyword: *keratin treatment Hyderabad* | Intent: *Problem-specific*

What is Keratin Treatment?

Keratin treatment is a chemical smoothening process that infuses keratin protein into the hair shaft to eliminate frizz, add shine, and make hair easier to manage. It is perfect for Hyderabad's humid climate that often causes hair to frizz.

Keratin Treatment Cost in Hyderabad

At Glamour Studio, keratin treatment starts at Rs. 3,000 for short hair and goes up to Rs. 6,000 for long or thick hair. The price includes the treatment, blow dry, and a take-home maintenance shampoo.

How Long Does Keratin Last?

A good keratin treatment lasts 3 to 6 months depending on your hair type and how well you maintain it. Using sulphate-free shampoos can extend the life of your treatment significantly.

Keratin vs Smoothening vs Rebonding — Which is Right for You?

- Keratin: Best for frizz control, adds shine, hair stays slightly wavy
- Smoothening: Semi-permanent, makes hair straighter than keratin
- Rebonding: Permanent straightening, best for very curly or coarse hair

Is Keratin Treatment Safe?

At Glamour Studio, we use formaldehyde-free keratin formulas that are safe for all hair types. Our trained stylists assess your hair condition before recommending the right treatment.
